

**AUGUST 9 - 10, 2017 | HOUSTON, TX Norris Conference Centers Houston/CityCentre**

## **About Offshore Wind Executive Summit**

**The U.S. is on the brink of a booming offshore wind industry – are you ready?** The 2017 Offshore Wind Executive Summit: The Parallels of Wind, Oil and Gas will bring together decision makers from wind and offshore oil and gas, both from the U.S. and Europe. Using many of the same technologies—design, foundations, vessels, cabling and a highly skilled workforce—offshore O&G experts play an important role in the advancement of U.S. offshore wind. The Offshore Wind Executive Summit will provide the forum to establish new business relationships. Educate yourself on the current market including project development, important policy issues and the complicated supply chain. This event will give attendees the chance to develop what is necessary to advance the U.S. offshore wind industry.
